14:00 -
14:30

Biobanks as an important tool for the progress of personalized medicine

Rostyslav Semikov
MD, CEO, Audubon Bioscience

14:30 -
17:00

Тренінг з оволодіння практичними навичками "Стоми: що і як робити пацієнту?"

13.07.2023

8:00 -
9:00

Registration

9:00 -
17:00

Тренінг з оволодіння
практичними навичками
"Стоми: що і як робити
пацієнту?"

(проходить у поліклініці НІР та клініці MedOffice Group за координації БО "Inspiration Family")

9:00 -
9:30

Opening, Welcome Message
and introduction

Olena Yefimenko

Director, National Cancer Institute of Ukraine

Andrii Lukashenko

President of USSO

Vitaliy Poylin

Associate Professor of Surgery, Northwestern University Feinberg School of Medicine

Session 1 - Colorectal cancer

Moderators: Andrii Lukashenko, Vitaliy Poylin, Liliana Bordeianou

9:30 -
12:00

Live surgery

12:00 -
12:30

Coffee Break

12:30 -
12:50

Total neoadjuvant therapy for
rectal cancer

Liliana Bordeianou

MD, Massachusetts General Hospital

13.07.2023

12:50 -
13:15

Watch and wait in rectal cancer. Where to watch? How to wait?

Vitaliy Poylin

MD, Northwestern University Feinberg School of Medicine

13:15 -
13:40

Immunotherapy for colorectal cancer

Aparna Kalyan

MBBS, Northwestern University Feinberg School of Medicine

13:40 -
14:00

Choose of therapy for mCRC after 2 progressions. Theory and practice.

Veronika Patsko

MD, National Cancer Institute of Ukraine

Moderators: Zachary Dietch, Vitaliy Poylin

14:30 -
14:50

Updates on treatment for peritoneal carcinomatosis

Aram N. Demirjian

MD, Mount Auburn Hospital

14:50 -
15:10

Regional treatment for colorectal metastasis. Role of hepatic pumps

Ryan Merkow

MD, University of Chicago

13.07.2023

15:10 -
15:30

Interventional radiology role in treatment of liver metastasis

Robert J Lewandowski

MD, Northwestern University Feinberg School
of Medicine

15:30 -
15:45

Coffee Break

15:45 -
16:00

Updates on hereditary cancer syndromes

Mohammad Ali Abbass

MD, Northwestern University Feinberg School
of Medicine

16:00 -
16:30

Role of liver transplantation in treatment of primary and metastatic liver diseases

Zachary C. Dietch

Northwestern University

16:30 -
17:00

Biliary tract systemic therapy

Nataliya Uboha

MD, PhD, University of Wisconsin School of
Medicine and Public Health

14.07.2023

9:00 -
17:00

**Тренінг з оволодіння
практичними навичками
"Стоми: що і як робити
пацієнту?"**

(проходить у поліклініці НІР та клініці MedOffice Group за координації БО "Inspiration Family")

Session 1 - Upper GI

Moderators: Andrii Lukashenko, Vitaliy Poylin, Liliana Bordeianou

9:30 -
13:00

Live surgery

13:00 -
13:30

Coffee Break

13:30 -
14:00

**Screening and prevention of
gastric cancer**

Prof. Mārcis Leja

MD, Riga Eastern Clinical University Hospital

14:00 -
14:30

**Histopathology of gastric
precancerous lesions**

Maria Blanca Piazuolo

MD, Vanderbilt University Medical Center

14:30 -
15:00

**Anastomotic techniques for
Gastric Cancer - overview**

Andrii Lukashenko

MD, President of USSO

15:00 -
15:30

Coffee Break

14.07.2023

15:30 -
16:00

Management of Non-Metastatic Gastric/GEJ Cancers: Current and Future Trends

Samuel J. Klempner

MD, Massachusetts General Hospital

16:00 -
16:30

Checkpoint inhibitors and beyond for advanced gastroesophageal cancer

Lizzy Smyth

MD, Oxford University Hospitals NHS
Foundation Trust

16:30 -
17:00

Advanced pancreatic cancer. Perspective of NALIRIFOX scheme

Andrii Lukashenko

MD, President of USSO

*The report is presented with the medical support of Servier Ukraine LLC and is not a basis for awarding points to healthcare professionals under the system of continuous professional development.

Session 2 - Practical use. Clinical cases
